

**tts assess**

# SIMPLIFIED ASSESSMENT PROCESSES

Simple, easy-to-implement assessments allow you to focus on making better decisions

## In a **nutshell**

**tts-assess** is a single platform using assessments from different providers. It enables the user to manage the entire assessment process securely, effortlessly and online.

## Key **benefits**

- A single assessment platform for best-of-breed assessments
- Include your own tests or SJTs
- Produces immediate integrated reports for different audiences
- Manages communications and other assessment logistics
- Secure and legislation-compliant data storage

## Ideal **users**

Assessment specialists who need a more comprehensive, integrated assessment solution that is based on best-practice principles.
