

tts define

EASY COMPETENCY PROFILING

Makes job analysis
and competency
profiling simple,
effective and
credible

In a **nutshell**

The most important first step in making better talent decisions is to get as close to the job as possible. **tts define** allows for efficient online job analysis and competency profiling. Use existing assessment-aligned competency frameworks or your organisation's competencies. Multiple SMEs can take part to create comprehensive, validated job profiles.

Key **benefits**

- Create job profiles aligned to measurable competencies
- Integrates seamlessly into the tts assess platform
- Simple drag-and-drop interface allows for quick profiling
- Meaningful and useful reporting
- Secure and legislation-compliant data storage

Ideal **users**

Assessment and human resource professionals who require an efficient, online solution for job profiling that aligns with scientific assessment practices.
